

Building Community – at Large

Four members of our chapter (Kelly Bosak, Ana Jensen, Jonathan Morris, and Paula Switzer) attended a regional ASTD Board Meeting on February 15 in Columbia, MO. The regional chapters reflected on successes from the past year and shared goals for the coming year. The Kansas City Chapter highlighted our Annual Best Practices Awards Dinner as a major success for the 2007 year. We also described how we've aligned our monthly meeting topics with the CPLP competencies. Kansas City is the only chapter in the region that is actively preparing its members for CPLP certification. The KC representatives also gleaned ideas from other chapters' 2007 successes.
